

PANTHER

SENIOR of FOUKE
HIGH

Tommy HAWAY
APRIL 6, 1964

Dear Tommy, you are one of my most favorite people. I don't know why you have always seemed so close to my family but you are special. Be sure to keep my telephone working this summer. Best wishes and may be win all the big deals in your life. Don't ever let your problems become a burden.
Love, Melba Walton

Dear Tommy,

I'll always think the world of you and a few of your buddies. We have had our share of fusses, but I can never stay mad at you. You know that and I guess that's what's wrong with you.

I hope you get to be a fireman also. You will have to stay alert, you can do it, if you want to bad enough.

I hope you get your big brick home, where you want it to be. The girl that gets ^{you} will be lucky but in a way I feel sorry for ever who it is.

You'll always have a place in my heart. You and your mother mean a lot to me, even if I don't act it sometimes.

I hope you'll always remember me in a good way. I'll never forget you.

Love now & forever,

April 7 - 1964 Diann Browning
Junior

Dear Tommy,

I have really enjoyed your friendship this year. I would really hate to have to come to school next year with out you being here.

You break the long day with a laugh. You have a lot to be thankful for, you have looks, smile + personality. That is a lot more than most of us have.

You can have anything you desire in life if you go after it in sincere desire.

I hope you have the very best in life because no one could be more deserving. May you always have the very best and always walk in the light of God.

a friend,
Patricia Ann Fo

Tommy,
You are the craziest, nuttiest
boy I have ever seen in
my life, but I suppose I
still like you. I know you
like Nancy and I feel
sorry for you because you
do. I used to didn't like
you, as a matter of fact I
couldn't stand you, but I
guess that people change because
now I like you. I guess that
is enough right now and I
really do wish you good
luck with Nancy. (Not that
it will do you any good.)

With Love, (like a brother)

Joan Ferguson (old crane hanger)

To Skatch

Tommy you are one of the four of us - You are one of
my best buddies and don't forget it. If you ever need any
help of any kind just let me know and I'll come running.
We have really had fun this year and believe me it isn't
over yet. We are gonna do a few more things anyway if the
lords willing and the creek don't rise. Good luck and
always remember me as one of your bestest buddies.
Your bestest buddy & friend always
Willie

Dear Tommy,

You are very handsome and sweet.
I hope you will always abide by
the Christian life.

Web. Larey

Dearest Tommy,

You are one of the sweetest guys I know. I will
always love you in a special way. We sure
have had some good times together. You and
I can read each other like a book. I will
always remember last summer and this year
especially. When I went with you and Danny
se' often, I didn't do it to make you two jealous.
I care a lot about both of you. You know what
I mean. I sure would like to go camping with
you and your friends sometimes, it sure sounds
like fun. ^{HA} You sure have a sweet Mother.
I just hope me girls can stay with her on
the days you or your class trips. I hope you
get the best job any one could get. I know you
can if you try and have a great desire. Best
of luck with the girls, and I hope you get that
special girl you were telling me about. Stay
sweet. God bless you. Love, ^{HA} "Keep care of your Mother!"

Dedication

MR. PAUL ATTAWAY

Many times we take for granted the efforts of those persons to whom we are indebted for our school. This PANTHER is dedicated to a person whose constant work has been a decisive factor in making Fouke School. It is with admiration and gratitude that the 1964 PANTHER is dedicated to Mr. Paul Attaway.

Dearest Tommy,

We didn't seem to get along too well before this year, but things have really changed. We've been together a few years, and I'll always consider you a good friend. You're so free in many ways, and the day will come when you'll settle down to a family. Don't laugh - because this is true. We've had great times this year - play practice, etc.; and I hope they'll continue on - whether we're together or not. Have fun in life, Tommy, but don't forget your obligations to life. Everyone has an obligation to life - giving the world all they have to give. I don't mean give up all your fun and just work, either. Well - enough of that! I'll never forget you and I hope it is mutual. You mean more to me than you could possibly know. I have to have something in school to look forward to, and I guess you're it. Our senior year has really been fun for me. Remember our going places, and me, when you look back on our school days. I really don't like some of the things you do sometimes (hitting me, etc.) but I guess it's just you - Tommy Attaway, I shall never forget you.

Nancy Ferguson

Merlon

Dear Tommy,

Well, Tommy this will be the last book you will have my autograph in. It makes me sad to think that I am nearly saying "goodbye." Of course we think we will see one another quite often & maybe we will for a while, but it won't be for long.

Tommy, you're such a nice boy & I sure appreciate the way you act around me. But so many times you've made me mad but it was so silly. Now since we're adults we realize that, don't we? Oh! I'll understand if you don't! Just Teasing.

You know Tommy, you're going to be sorry if you don't take your singing ability & go places with it. You could go on to school & who knows where you may end up. Your singing & Attaway charm may take you to Hollywood. (Believe that & I'll tell you another one!) ^{HA}

During this last year of school you've had to face up to a lot of responsibilities. Tommy, you've got a wonderful mother & I know you realize that. I really enjoyed the time Elaine & I spent home with you. (Just for the evening) We beat you in dominoes. Ha!

Well, here's wishing you the very best for you deserve it. I'm even wishing you luck with Nancy. I'd better hush! Tommy, I hope you always remember me as a friend. You mean more to me than I can express in words. I've had fun these past few weeks with you & Nancy although I feel I like I'm being sad. Wonder why?

Love, forever,
Merlon Thomassen

To Tom,

I really enjoy a chance to show off my ability to write and this is a dandy one. It would take ten times this to tell about all our good times. I will just mention a few. Don't forget how I taught you to hunt and fish. You couldn't have had a better teacher. Don't forget how I tried to teach you to shoot pool. I don't know how much wore off but maybe someday you will learn the art. Remember the Bradley boys on that fateful night and the Texarkana boys on another fateful night and the, well anyway we tore 'em up. We have spent many happy hours in old "Blue" and new "Blue" is following the same pattern. You and ^{the} Hensley punks and I have really had a ball and I'll never forget it. Don't forget the time Goofy and I spent the night with you. I think you have the smelliest feet in Arkansas. I think of you as one of my best friends and I hope it will stay that way. We have had some close calls like the time I warmed up the old picking arm on that boys car and the times we've had those close, close calls rabbit hunting. Don't forget me, and Locker 32. I would like to see their face when they clear it out (Ha) Be good and don't forget me.

your buddy + pal,
James Young

Gary Roberts

Tommy, I have really come to like you a lot this year. We have had some real good times together and I will never forget them. Like the time we went to Lewisville to watch the ball game and we all went to see "Blood Feast." I am glad that you played basketball this year. So bad you and Nancy weren't as strong together as you are now. ^{the} We all have some good memories of football and I sure wish we had another year of it. Don't ever forget the time we went to town that night for the track meet. ^{the} I wish it could have worked out where I could have taken Home and Family with you and you could have taken Chemistry. I remember the time in the 8th grade when you tried to make a 7-up. you took the acids and everything and mixed them up and dranked it. Maybe one of these days you can take time to teach me how to play pool and I can give you a few pointers on how to bowl. ^{the} I won't forget that you beat me out of Jim Mahoney in the play. but you played it better than I could have and anyway I enjoyed my part. I hope that you get to be a fireman because it is going to take a lot of money to keep you going. you will have to have two jobs to pay for your gas and truck alone. If I become an engineer and you ever need any money just let me or James one know. you won't get it we just like to hear other peoples problems. I will always remember you as the easy come easy go Tommy attaway. you are a very dependable person and hope that you will always be like that. If I ever have any real bad problems I will come to you first. Well there is so much to say that I can't think of anything. I hope that you will always have the best of everything.

your old Ping Pong Buddy,

Gary Roberts

P.S. Speaking of Ping Pong remembers the day I beat you 5 out of 6 times.

Anita Cutchall

My Dear Tommy,

I really don't know where to start. I know one thing for sure, I will never forget you.

You have been a very dear friend to me. I have really enjoyed being in class and around you. We have had lots of good times together. Remember that day in the library. ^{7th} Boy that was a hard floor.

Tommy you had better never do anything to hurt your Mom.

Here's wishing you the very best.

Love ya,
Anita Cutchall

Tommy,

I want to thank you for reserving this page for me. It was very nice of you. I can't really tell you how I am going to miss you when we get out of school. I guess you will forget me but I can never forget you. Sometimes I sure have been upset and I can say one thing and that is you have really helped me with my problems. And believe you me I have had my share of troubles. I do want you to know that it is really going to be lonesome without all of my class mates. Tommy know matter where you are at, please be careful but most of all be good. Please keep your head up high. O.K. Tommy I have just about run out of things to write but as I have said several times remember all of us. I also wish you happiness with Guess Who and I hope or should I say I know it will be happy with Johnny.

I Love you,

Shen

Tommy,

You didn't reserve the for me but I'll try to fill it out anyway. I have really enjoyed the times we have been together - hunting especially. I'll never forget the time Mother & Daddy went to Dallas and left me the Car "57 Ford". That deer hunt was the best part of the whole 3 months. Remember getting stuck in that muddy road where all those cows were. I thought we never would get out of that or find those dogs. I don't know where it was but that fellow's driveway, where that pipe-line was, sure was something, I treated my muffler on it. And after everything was over I took a couple of the boys home and the next day found out the ~~road~~ ty-rod ends was loose. Boy we were sure lucky. You and I were never real close friends as you & Gary Davis are but we have had our fun together. Those Ball trips this year were pretty good ones, weren't they? The trip back was the best part of it all. The Coach didn't like the way I kept leaving things behind, like the First Aid Kit & the Balls. "HA"

That Class Party (our Church) was a dilly wasn't it. Mr. Taylor, James, Keith, Gary, Monroe, You & I in that Ford. Boy it was a little crowded. Mr. Taylor & Gary had a rock fight. We got 3 gallons of "Beer" in jugs, & at the bottom of "Huff" till we stopped & got caught. But it wasn't bad because the next day there were 3 new leaves on the lemon plant. So much for our Part.

I wish you the Best of Everything in the future & I hope that if you go to the Army that they'll give you a good "Army TANK" to drive. ^{HA} I'll never be like a 59 CHEV. Good Luck - you lucky SON OF A GUN I'll always remember you & hope you remember me.

Friend Always,

Shen Zorn
ZL

To Scratch,

I don't know whether you like that name but you earned it the hard way. You know I'm not very good at writing my thoughts because I'm not quite as good as some poets (yet). I would like to say that I have missed going to school with you in my senior but hope to be with you more this summer. I know ~~if~~ we don't get to fish and hunt together much more you will never get as good as ~~me~~.

I hope you will go ahead and graduate and be looked up to as you are now. If you will be as your dad was you will always be looked up to and respected. You are about to have a whole future ahead of you and also a sweet mother to help you.

"One of these days", when you get as strong as me I want to Indian wrestle you again. I can tell you are getting stronger but smell isn't everything. I also want your truck to start running better so it can stay up with mine. I hope you have fun on your senior trip (that I will miss) but I don't want you to do anything that I wouldn't ~~do~~ enjoy doing. I don't know who's going to win between you and Dan but I wish you all the luck in the world. I think you're a very swell person whom I've enjoyed knowing. May the best be to you in the future.

Your buddy,
Keith

(Linda)

Tommy, I feel honored that you give me a full page in your annual, but I could take more than that and still not tell you how I feel. As the class of this year comes I find out how much everybody means to me. Tommy like you said this year has brought you very much pain and I wish your dad could have been here to ^{see you} walk down that isle but God had other plans for him. Tommy I can only pray that when you reach his age you will be only half the man as he. I know one day you will make a success that your mom will be real proud of. You are quite a character but deep down you have a heart of gold. The girl that gets you will sure be lucky. I only hope the boy I got is as nice and dependable as you. Our class couldn't have done without you. I know our paper staff couldn't have. You were real nice to let us have your truck to sell ads. I only hope that you will have a few memories of me to look back on ten years from now. Some you can tell your kids about.

Tommy, I know how you love your mom so I hope you will be good to her and please in the future be more careful and stick around because she sure needs you. Never do anything to hurt her.

With Tommy we still have our class trip and then for the boy seniors it will be entering a new and different world. God has a place in this world for you Tommy and I know you will fulfill it. Always remember me in your prayers and I hope you will always remember me as I remember you. If you fulfill all the I hopes I have in here you'll be doing "damn good". I'll love and treasure your memory always.

P.S. I didn't tell you I think you are real sweet no

Loving you,
Linda Pilgreen

Donna

Well Tommy, here I am. Fixing to write you a whole page, but
though you only wrote 3 lines in mine. You're one boy in this
class I could never forget, I think more of you than I do any
one. Haven't I tried to help you with Nancy? Tommy I'm not
sure Nancy's the right girl for you but if you think so don't
give up on her. Tommy, you have been more fun in class.
You're always saying something to make someone laugh - I have
more fun out of you. Sometimes I can come up here feeling
like a --- but after you come in and start joking and
laughing and picking at me I begin to feel fine. I've got you
to thank for lots of things. And of course there's been
times you have gotten on my nerve so bad I could have
killed you. But when you are absent no one laughs or jokes
with us. Tommy, I can't really believe we are graduating
this year. It doesn't hurt to bad now but just wait until
we see that bus on by next year and we can't get on it.
Who knows what will happen to us after school. I hope
to get married and make my old man a good wife. Tommy
it scares me in a way. What if I can't make him happy
We have had more fun in school together these past
two years. He plays, chess, Play Practice (sandwiches
I got caught fixing). Remember!!! Stay as sweet as you
are now and you'll still always have friends. Tommy, if
there is anything I can ever do for you please don't hesitate to
ask me. You're a awful nice boy and I think the world of you.
You be good and always go to church. I hope I haven't
hurt you're feeling over the different churches. Really I don't
think God likes the way we all fuss over the bible and
different churches. It was meant for us to take everything
the same way. Just stay a good Christian and you'll have
a place in God's heaven.

Tommy, you be good to your mother and don't ever do
anything to hurt her. She loves you and you're all she has
so don't disappoint her.

Well Tom I wrote a whole page. Now I want
to tell you not to forget me and my old man. Be good
always and never do anything I wouldn't do.

P.S. You're 2 sweet

Hi and Davis

Well yom, ale buddy, here goes. Remember when we
were little boys and just like twins only you were a little
bigger than me we used to fight, and have wonderful times.
Remember when we have had our hunting trips and B.B.
gun fights. Remember when we used to go coon hunting & carry
a little ~~coyote~~ coyote. Remember when we chopped down a tree one
night when snow was on the ground, and had a big snowball fight and
the way out of the woods. Remember what Stud Hudson did to you
one night coon hunting. ^{H.N.H.W.} Remember our camping and parties we
have had, when just me and you have had parties. Remember our
rabbit hunting trips in the field when the airplane turned on the
light. Remember the night I shot a ^{Fishin'} head with my shotgun
& got my son & got it. Remember when Mitchell threw the lug
wrench at a ^{Fishin'} and took off after it through the woods and
finally caught it. Remember when we got into about 10-15 squirrel
spins in the oil fields and only killed 1. That was the most squirrels I
have ever seen at once. Remember the night after the Junior Senior
banquet when we were juniors. You tried to run over Mitchell.
Remember our times on weekends and rabbit
hunts and other hunts. Remember up at mileys house. Well
had a plenty didn't we. Remember at the Drive Inn, tough
wasn't she. Well I on about through remembering but I could remember
a lot more. Tomorrow I'll always remember you as my best buddy
no matter what. We have always stood beside each other. When
it's all out, we will still see each other pretty often I hope. When
we get married we had better come to visit each other. If ever
I can help. Please let me know. You are always welcome at my
place. Take care of your mother and always be good & stay out of
trouble. Good luck always & I want to see you. If you
want to my place enough, you'll be right at hand. ^{if best buddy}
I love you and your mother. We was all one.
